Practicing Lockdown Procedures

State law requires schools to conduct two lockdown drills per year. Schools will be conducting a lockdown drill within the first two weeks of the school year, and again within the first two weeks after winter break. These drills will not be a simulation of a threat and are not intended to scare students. We do want students to take the drills seriously so they are familiar with lockdown routines and procedures.

If you have safety concerns, or notice any gaps in our security, then please tell the school principal. As parents, you have a valuable perspective that can help improve safety procedures. As gaps are identified, we will continuously refine and improve our lockdown procedures.

Checking in at School

In order to keep students, staff and volunteers safe **ALL** visitors must check in at the office and wear a badge. Thank you for your cooperation.
